STONE WASHED & STONE WASHED XL

The Cotton-based yarn with a tough name and a soft, woolly feel

A Kraft Label Yarn
Font: Garamond

Launch Date
24 April 2014

Have you ever wanted to cosy up in something that looks and feels like wool, but benefits from the soft touch and breathability of cotton?

About Stone Washed & Stone Washed XL

Stone Washed and Stone Washed XL are Cotton-based yarns in Sports and Aran weight respectively that create tactile items to fit every season of the year. By filling the ecru-coloured, cotton 'core' of this yarn with fluffy acrylic fibres in contrasting colours, this yarn gives projects a woolly look and feel and distinctive appearance! The perfect choice for those looking to mix-up their yarn stash, and for crafters with a more sensitive touch looking for a wool-free alternative to wool. Available in a broad selection of soft, fresh and earthy shades with a two-tone contrastive appearance.

Uses

The Cotton-base of both Stone Washed and Stone Washed XL makes this yarn a great choice for crafters looking for an alternative to wool due to skin sensitivities or personal preferences. Use both Stone Washed and Stone Washed XL to create characterful garments, accessories, toys for children and homewares of all kinds that can be enjoyed all year round. Looks particularly good with textured stitches such as bobbles and cables.

Tips

Pair Stone Washed and Stone Washed XL with River Washed and River Washed XL for even wider colour palettes as both these yarn collections share the same fibre content and respective weights.
